# VOYAGE TEA & COFFEE

## Story

---

Everything has a beginning. We introduce you to our brand, Voyage. Our quality products have a long, rich history that voyaged through time and space.

From the moment where legend describes a tea leaf falling into Emperor Shen Nung's tea cup 5,000 years ago, both tea and coffee quickly voyaged on the silk road to many more countries.

The voyage entwined tea and coffee into the art and cultures of different countries from the elegant, serene rituals of the Japanese tea ceremony, to being an important fixture in the British way of living with "Tea Time".

The products in our Voyage Tea and coffee collection reflects how the different terroirs they grew is a drinking experience reinvented.

Our tea master voyaged far and wide, to bringing you the best selections to let you enjoy the experience and moments captured in the aroma and taste.
